6 in Printing and Publishing Association at 150 Nassau street, in the Borough of Manhattan. New York. President and Treasurer, William C. Reick. 150 Nassau street. Vice-President, Edward P. Mitchell. 150 Nassau street; Secretary, C. E. Luxton, 150 Nassau street.

Readers of The Sun leaving town for the summer months can have the daily and Sunday and evening editions delivered to them in any part of this country or Europe on the terms stated above. Addresses changed as often as desired. Order through newsdealer or directly of Publication Office, telephone 2200 Beekman.

London office. Effingham House, 1 Arunol street, Sirand.

Paris office, 6 Rue de la Michodiere, office du Quatre Septembre.

Washington office, Hibbs Building.

Brooklyn office, 106 Livingston street.

If our friends who favor us with manu-scripts and illustrations for publication wish to have rejected articles returned they must in all cases send stamps for that purpose.

Selecting the Inventors.

The subjoined suggestion, taken from a letter in which FRANK J. SPRAGUE of this town gave his apthe Navy Department, is not the child of ignorant bumptiousness, self-conceit or insular prejudice:

"In view of the confidential character of most of the communications to the whether men of purely civil education or men in civil life who have had the training, should be dyed in the wool Americans from birth up."

Assuming that the board of invenpromoters, it is obvious that it will become the custodian of secrets of terday. guardianship should be entrusted to tants should be men entitled to the same implicit confidence.

On the Cardinal's Birthday.

JAMES Cardinal GIBBONS at 81 surveys the world from his tower of years with charity, insight and good will. He has seen much, thought and respected. Far beyond the bounds of his faith the ripe wisdom that inspires his words carries his messages of admonition, advice and land of their domicile. encouragement.

A sage who quickly distinguishes the true from the false, the trivial from the for the dignity of his recognition, while the lightest knocking of merit springs wide the door to his inter

resources. The two things which daunt enterprise to-day and check the starting of new industries are the stuffed pay roll and hostile law making, two greedy, unfair, stupid, dishonestly conceived entities, which need to be forced aside if prosperity is to be with us.

Boston, July 23.

To the Editor of the Sun—sir: Why make President Wilson do all the work? Though perhaps a superman, he is intensely human, and isn't it up to every citizen of the United States to do his part, with moderation, toward solving the problems involved in the controversy with Germany? The more influential the citizen the more should be expected from his particular direction? It would be a great misfortune if the persistence of newsholm in same counsel and praiseworthy papers in securing a photograph of a public servant in his performance of every simple act which the duties of his office make incumbent upon him, a proceeding which must surely be ex-tremely distasteful to one who is enleavoring to serve his country, should result in the mistaken impression on the part of the public that the energy expended upon what is unquestionable splended upon what is unquestionably splended step in the right direction being expended partly also because

\$80,000,000 SAYING IN STATE BOND PLAN

Serial Issues to Take Place of Sinking Funds if Idea Is Adopted.

DEBT NOW \$231,000,000

ALBANY, July 23 .- A saving of is 000,000 will be effected through State bond plan which Henry L. s son, chairman of the con finances, reported to-day to the stitutional convention. This saying be accomplished through the isserial instead of fifty year term ! for the highway and canal bon maining unissued and for exchaserial bonds for the \$118,000,000 and highway fifty year bonds out

Chairman Stimson points out ten years the State debt has increased further bonds have been authorized which would bring the total debt to \$231,000,000. "While the credit of the State is still

very high," says the report, "this great increase in indebtedness has been noticed and commented upon in the in vestment market and there is an increasing tendency on the part of investors to scrutinize our securities and to demand an improvement in our finan methods of incurring and securing debt." Instalment Payments Simplest

Discussing the advantage of issuing

serial bonds the report says:
"The most certain, simple and cheap way to amortize a debt is to pay n annual instalments. The u ties of calculation which have so u fortunately affected our sinking funds public officials to be cared vested and reinvested for fi with all the attendant risk an investment in various local fact that the same administra irement, necessarily and str toward responsibility and prudence

an immense saving in the amou If our present cana f \$118,000,000 had been compo serial bonds finally maturing years instead of the present si State would have saved \$48,677,526 if we assume that the sinking vas able to earn continually 4 tigation your committee is of at serial bonds are quite as
